MEMORANDUM FOR: Mr. Lyman Kirkpatrick

Kirk:

I quote from the Weekly Activities Report of July 3rd:

"OC #6 completed its running on Friday, 27 June. On Thursday, 26 June, Lyman Kirkpatrick gave the final lecture of the course. His talk was inspiring and a challenge to the student body. A number of students talked with me after Lyman's talk and stated that his talk was one of the highlights of the course. I know you feel as Ace and I, and the whole Field Training staff relative to Lyman's visits. Aside from the time involved, for which we are extremely grateful, his presence and message to our students are in my opinion an example of the type of leadership to which all of us aspire."

What in hell did you say?
